**Pathable Zoom Room "Doorbell" Setup:**

Booth staff can play a sound to alert them when someone enters their virtual tradeshow booth. The host will need to enable this (typically the first person to start the session, they will have "(Host)" next to their name).

      a.   In the zoom menu on the bottom on the window, click participants to open the participants tab.

      b.   In the participants, tab, click the three dots at the bottom right for more options.

      c.   Select "Play sound when someone joins or leaves"
